NEPTUNE B612

IC in Wonderland

by Jessie Lee

A light purple and pink watercolor splash is positioned behind the word 'neptune', adding a soft, artistic background element.

JC in Wonderland is an **adventure** fairy-tale story of how Jessie (JC) traverses from Earth to the Wonderland Neptune B612 and starts her journey to **rescue** the planet from the Monster **Deadline** with her **design** talents.

The movie trailer JC in Wonderland is telling a true story about myself, about my dream and passion. I tell my story of pursuing my dream as a designer and the battle with deadline in an imaginary and fairy-tale storytelling way.

As a student, Deadline is our life. The battle with deadline never comes to an end. We all suffer a lot from deadline. This is my design inspiration. In this video, deadline is the monster who froze the planet called Neptune B612. Jessie needs to take the adventure to battle with deadline, finish all the design tasks on time to collect diamonds, so as to break the spell to unfreeze the planet. The movie trailer is adventurous and fun.

A promotional image for the Disney movie Frozen. It features the character Elsa, the Queen of Arendelle, with her signature long blonde braid and ice-blue gown. She is set against a bright blue background with soft, white, cloud-like patterns. The Disney logo is visible above the word 'FROZEN' in a large, white, stylized font.

We need
your help!

VS

CHALLENGE NO.1

Land on the planet!

CHALLENGE NO.2

Build up your body!

Main Storyline: Jessie needs to battle with Monster Deadline and complete several difficult tasks on time.

Challenge 1: Land on the planet by skydiving.

Challenge 2: build up her body by cardio (running, climbing), weights (chest, squat) and stretch (split).

Challenge 3: Finish all the design tasks on time to graduate.

(1) Build up an online fashion shop ecommerce website to boost the economy.

(2) Make a LOVE emoji to touch monster's heart.

(3) Find out Monster Deadline's "Wonder Secret"

(4) Debugging Neptune's website.

Challenge 4: Unlock the serendipity box and the dead wall by dancing.

The background of the website is a white canvas filled with various abstract, colorful wireframe structures. These structures are composed of interconnected lines forming geometric shapes like triangles, polygons, and complex clusters. The colors used include yellow, orange, green, cyan, blue, purple, and pink. Some structures are more dense and complex, while others are simpler, consisting of a few connected lines. The overall effect is a dynamic and artistic digital environment.

Hi There! Welcome to JC's Wonderland!

This is Neptune B612. Feel free to explore it!
